

**XV WORLD
FORESTRY CONGRESS**

Asian Forest Cooperation Organization

Pre-Congress Event

Asian Forest Forum: Research, Capacity Development, and Good Governance

Apr 30, 2022 | 10:00 AM KST - 17:30 PM KST

16:00-16:30 Way forward in R&D and CB in the forest sector in Asia

**Hwan-ok Ma
ITTO**

Moving forward: Integrative, Inclusive and Innovative SFM

Integration

Need to increase the contributions of forests to climate change, biodiversity & livelihoods

- Integrative SFM for production of wood and non-wood forest products and ecosystems at national, sub-national and forest management (FMU) levels
- Integrate forests into national CC & biodiversity strategies

Inclusiveness

Multi-stakeholder involvement in decision-making & empowering local communities and women are critical for sustainability and ownership

- Conflict resolutions, tenure,
- Gender-based land use planning, FPIC

Innovation

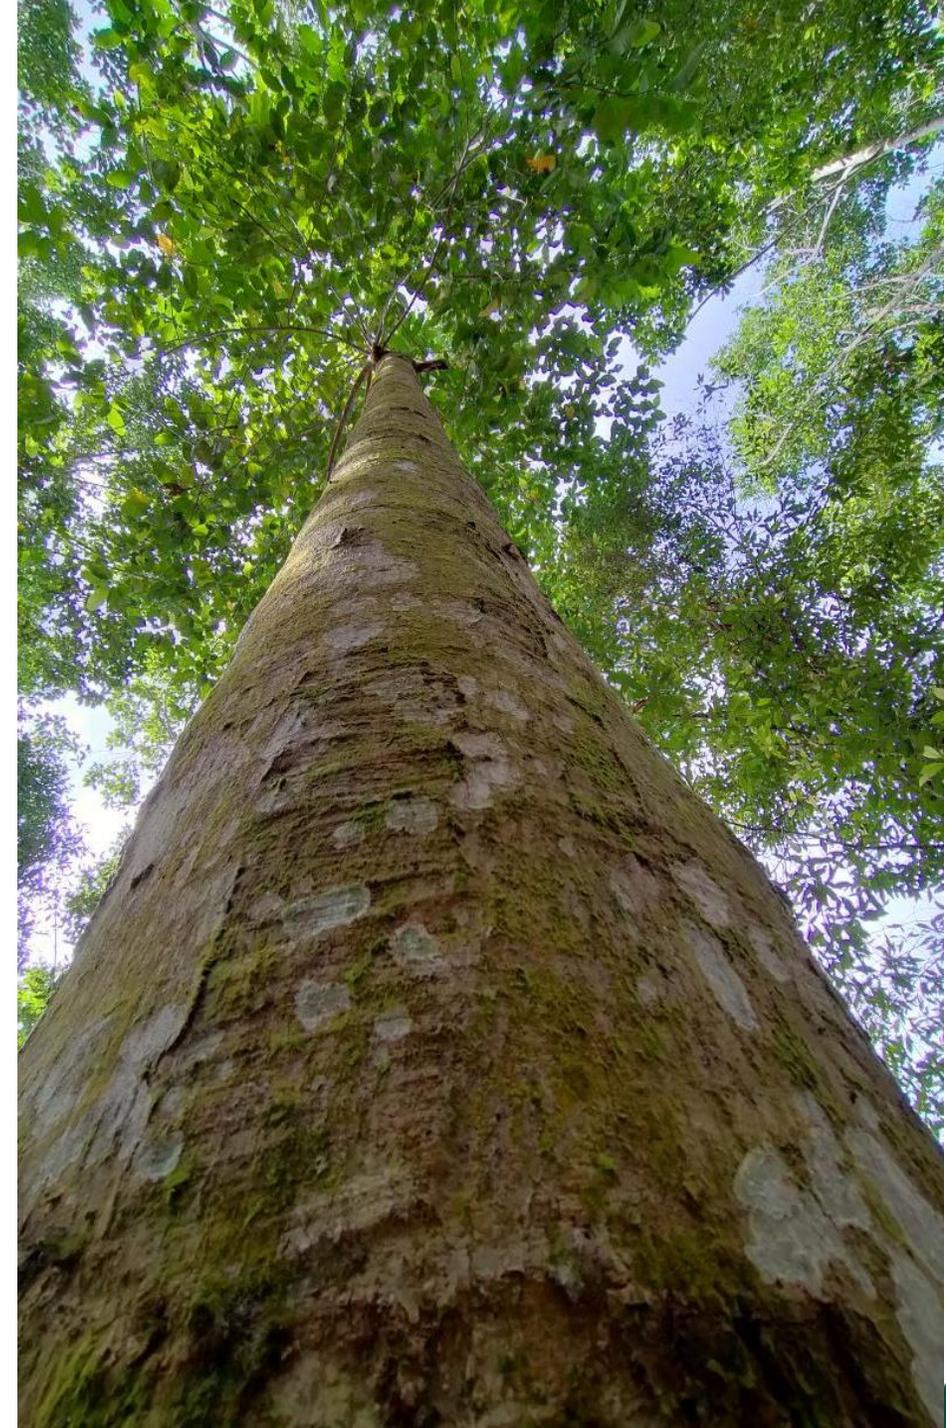

Increased R&D and capacity building are essential for promotion of SFM = contribution to SDGs

- Affordable and innovative technologies, including RS for monitoring & early warning system, digitalization for timber certification,
- Wood for construction, plastics, textile fiber

Panel Discussion

Speaker	Guiding question
Dr. Yo Han LEE	What are the key findings in the development of a draft AFoCO capacity building roadmap, which can be emphasized in the establishment of capacity building programs at national and regional levels?
Mr. David Gritten	Can you tell us why inclusive stakeholder consultation is important? What were the main lessons learned from conflict resolutions? What is the key capacity building subject to enhance the full and effective stakeholder participation?
Dr. Yeongjoo Lee	What are the key elements of AFoCO's Capacity Building Action Plans to accelerate the achievement of AFoCO's strategic priority areas 2019-2023 and beyond?

One key word for SFM

One key word

What is the most / more important for advancement of SFM for CC, biodiversity and livelihoods?
